

Linear Specification

# LM25

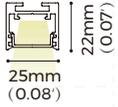

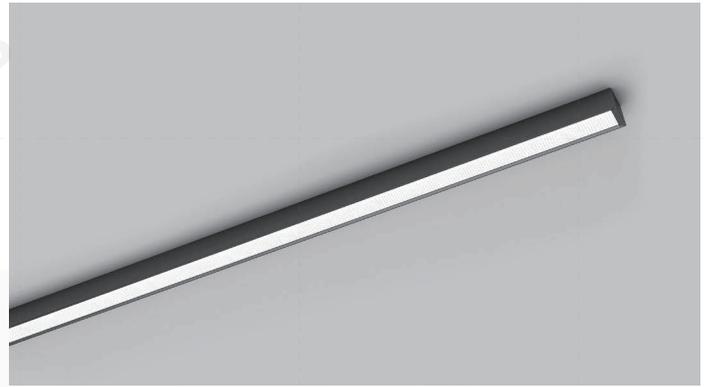

— SLIM series

# LM25 DC 24V

## [Feature]

- 25mm slender lighting surface
- 120 LM/W high light efficiency design, lumen output up to 2375 Lm/m
- Multiple standard corner(L type,X type,T type optional), available for free connection.
- Multiple light distribution options(Diffuser, Prismatic, Round grating, Block frosted diffuser, Asymmetric, Double Asymmetric) to meet variety application requirements.
- Provide surface mounted buckle, more convenient installation.

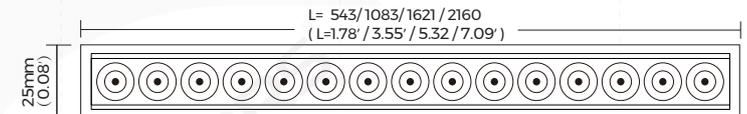

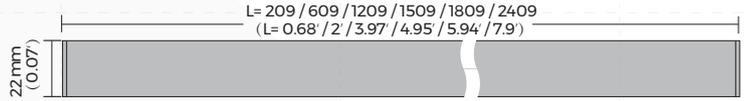

### Basic Parameters

Profile material AL6063-T5

Surface processing Spraying RAL9003   
 Spraying RAL9005  Anodizing

CCT 2700 K 3000 K 3500 K 4000 K 5000 K 6500 K

CRI Ra80/Ra90

## [Attentions]

- Please install the product in the right environment as much as possible;
- Please be careful during operation. Do not touch the AC power supply in case of electric shock;
- Check the current through the circuit, such as the surge occurs when press the switch does not exceed the maximum rated current, please insert the appropriate protection circuit;
- This product is sensitive to static electricity, and please special attention. In particular, it will damage the product when the static electricity is more than absolute maximum rated current and voltage, please make a countermeasures to avoid the damage of the static electricity and surge when using the product.
